• Issues related to Sales Tax				
1	<ul style="list-style-type: none"> Issue relating to inclusion of Service Tax amount in sale price for calculation of VAT in works contract, whether a dealer has opted for composition or not. 	<ul style="list-style-type: none"> TSSIA-Thane 	<ul style="list-style-type: none"> Commissioner of Sales Tax clarified that decision regarding inclusion of service tax amount in sale price for calculation of vat, has been taken after detail study. Hence decision can't be changed. 	<ul style="list-style-type: none"> Issue Clarified.
2	<ul style="list-style-type: none"> •Rate Difference in ITC(Input Tax Credit) Claim Sec 48 (5) In case of mismatch of Sales and Purchases in the electronic matching of Annexure J-1 and J-2 of Form 704, to the extent of unmatched amount of tax, the ITC of the claimant dealer is denied. This step is definitely hazardous from the point of view of the dealer. The mismatch could be the result, in most of the cases, of the transaction being accounted in the subsequent year by the purchasing dealer as well as due to the cash purchases from the selling dealer which is not reflected in J-1. There is also the difference of Debit notes and Credit notes issued by the selling dealers for which mismatch occurs. Simplification of assessment / Business audit where in no rate difference of VAT credit on the basis of non submission of J1 data & 704 form. Hence it is our demand that VAT credit should not be disallowed on the basis of rate difference matters. 	<ul style="list-style-type: none"> Chamber of Marathwada Industries and Agriculture (CMIA)- Aurangabad 	<ul style="list-style-type: none"> Most of the sellers have filed incomplete Annexure J-1, in such cases mismatch in amount of tax occurred. 10	<ul style="list-style-type: none"> A] In the current Financial Year 2012-13, the Mandatory Tax Audit Limit has been raised from Rupees 60,00,000/- (Rupees Sixty Lacs) to Rupees 1,00,00,000/- (Rupees One Crore) by the Central Government but Mandatory VAT Audit Limit remains unchanged at Rupees 60,00,000/- (Rupees Sixty Lacs) only by State Government. This discrimination deprives the SME Sector falling under the gap of Sixty Lacs and One Crore availing the benefit of Tax Audit Limit exemption. This needs immediate attention of VAT authorities. B] The mandatory Profession Tax payment for employees drawing more than 5000/- is fixed more than 5 years ago, this needs to be enhanced to at least Rupees 25,000/- as today the minimum wages for even an unskilled labour is more than 5000/- rupees. C] Ongoing world over Economic crisis have hit the industrial fraternity very badly. Industries particularly in MSME sector do not get payment from Government PSUs, corporate and other large scale industries in time. It is therefore requested that delay in revenue payment of industries and in particular MSME sector industries should be condoned till their payment from Govt. PSUs, corporate and large scale industries are realized.</p> <ul style="list-style-type: none"> • D] There is an inordinate delay in VAT refund. Purchaser has to prove the payment of VAT by the supplier to claim the VAT set off. This is an impossible task and unfair to ask the purchaser to ascertain the payment by suppliers. Further as in the case of Income Tax the assesses can view the TDS deductions credit position through 26AS, similarly if the VAT assesses can view the VAT credit position (deposited by its suppliers) he can claim set off accordingly and pursue supplier to make VAT payment in case of default. In the absence of such system, the assesses is unnecessarily put to hardship, delayed interest and penalty burden. Thus onus of VAT payment on purchased material by its supplier should be kept on hold, till such system is established. 		<ul style="list-style-type: none"> • If annexure filed on time or immediately, with returns, the next day VAT assesses will be able to view the VAT credit position. • The list of short filer and non filer have been made available on the Maha-vat website in the 'Dealer Services' section.
